DOE: Keystone Solar Farm Proposed
Development, Route 272 & Deaver
Road, East Drumore Twp., Lancaster
Co.

Dear Mr. Rutt:

The Bureau for Historic Preservation (the State Historic Preservation Office) has reviewed the above named project in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended in 1980 and 1992, and the regulations (36 CFR Part 800) of the Advisory Council on Historic Preservation. These requirements include consideration of the project's potential effect upon both historic and archaeological resources.

There may be historic buildings/structures/districts/objects eligible for the National Register of Historic Places located in the project area. However, due to the nature of the activity, it is our opinion that there will be no effect on these properties. Should the scope and/or nature of the project activities change, the Bureau for Historic Preservation should be contacted immediately.

In our opinion no archaeological investigations are necessary in this project area.

If you need further information in this matter please consult Ann Safley at (717) 787-9121.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas C. McLearn".
